Dear Sir:

In answer to your inquiry for information regarding our Society, I am sending you herewith and under separate cover available literature that we have on hand. Our Museum is open to the visitor every afternoon but Monday. On Sunday, however, none of the officers are on duty. Not only do we have a collection of coins on display but many thousands others available, and besides this the largest numismatic library there is.

If you desire to become a member, I would be very glad to propose your name.

Very truly yours,

Curator
